

SECOND ANNUAL TELSTAR STUDENT LEADERSHIP WORKSHOP BEGINS AUG. 29

Thirty-three Telstar High student leaders have been invited to attend the Second Annual Student Leadership Workshop on Wednesday, Aug. 29, at the Sunday River Inn, and Thursday, Aug. 30, at Telstar. The goal of the workshop is to develop a stronger student government at the high school, to improve student esprit de corps, and to get ideas from the students on how to improve the educational climate at Telstar. The student leaders participating in the workshop are student council officers and class officers for 1979-80. The officers were elected at the end of the 1978-79 school year.

Activities at the two day workshop which is being organized by Dr. Wayne F. Gersen, Telstar Principal, will include exercises to develop group dynamics, brainstorming sessions, planning sessions, and volleyball matches. By the conclusion of the workshop the student leaders will have developed long range goals for the year, plans for Homecoming on Oct. 6, and several ideas for student activities for the 1979-80 school year.

Meeting to Discuss Bus Service Plans

A Norway based Oxford County bus service is being planned by Isaac Russell of Russell Ambulance and Air Service in Norway. Current plans call for Bethel to be served from Norway with a connection in Norway to Lewiston and to the Portland airport. Russell has contacted the Greater Bethel Chamber of Commerce for assistance in meeting with potential users in the Bethel area. Such items as schedules, rates and stops must be decided and local users can have a voice in these decisions.

On Monday, Sept. 10, at 1 p.m. there will be a meeting in the Moses Mason Museum meeting room to discuss matters related to Bethel bus and taxi service with Russell. Besides regular service, group charters are also a requirement which has been raised by ski area managers and innkeepers as well as local organizations. Mr. Russell has included this requirement in his planning for buses and will be prepared to discuss both aspects of local bus service.

The chamber hopes that a rep-

TELSTAR STUDENT LEADERS HOLD LEADERSHIP WORKSHOP AT SUNDAY RIVER INN

Over 25 student leaders from Telstar Regional High School spent Wednesday and Thursday of this week participating in a Student Leadership Workshop at Sunday River Inn in Newry. The workshop, organized by Dr. Wayne F. Gersen, Telstar principal, introduced the elected student council and class officers to leadership skills, and provided an opportunity for the student leaders to set their goals for the coming year.

On the first day of the workshop, the Telstar students solved a murder mystery, tested their skills of observation, completed two exercises on following directions, and learned and applied brainstorming techniques. Each of these activities demonstrated the importance of planning, the importance of communication skills, and the importance of working cooperatively in a group.

The second day of the workshop provided an opportunity for the

representative gathering of individuals, business owners and club spokespersons will turn out for this meeting.

Sunday River

— Mrs. R. M. Fleet, Corres. —

Sent in by Eva Yates

A rainy Monday but we of Bear River Grange should not find fault. The Good Lord favored us with two days of good weather for our lunches and our supper at Trappers Weekend. All hands worked hard and finished up dead tired but all in all it was good and lots of fun. Thanks to Brother Robert Billings as the cashier—we were all worried for fear it would be too hard for him but no way would he quit—he stuck to the job like a burr to a cat's tail and never eased off until everything was over.

The Yates (Eva and Joe) along with Peggy Blake started the week by going to Franklin Grange #124 and all holding an office. Joe, secretary; Peggy, Corres; Eva, the same old chair, Chaplain, and naturally we had a good time.

Tuesday we were home and picked string beans and Verna Swan came up and got them to can. Peggy went to see her doctor at Rumford, Wednesday, Russell and I went to Norway and while he did errands I visited my cousin, Mrs. Helen Bailey and son, Wallace. Thursday was baking day for the Trappers Supper. Joe made 345 biscuits. Friday was a run here and there for this and that—getting ready for Saturday. We were sure sorry to refuse supper for a few as we ran out.

Ivan Garey was in the hospital a few days recently but is home and we hope feeling much better. Edith Garey came and was with the boys while Ivan was gone.

A phone message Thursday told Eva Yates she had a new great grandson, Robert Adams, son of Mr. and Mrs. Gregory Adams of Lovell.

Darnita and Edwrick Yates returned home Friday after a two months trip across country. They went as far west as Colorado and Idaho.

Viva Whitman had supper with her Ma, Eva, and brother, Joe and sister, Peggy Blake, Friday night, on her way back to the Mountain View House in Whitefield, N. H., where she works.

Friday night Russell and Eva Yates and Peggy Blake visited the Conservation Camp at Bryant Pond where Russell was asked to help the 32 boys and girls to read the Grange code.

One of the new residents of the Skiway Village went for a walk with her dog and met lady bear and cub. No harm was done—possibly a few white hairs and I guess some quick stepping.

Mr. and Mrs. Bryce Yates spent Thursday evening with his mother

— Clarice Gibson, Corres. —

The last full week of summer vacation. Parents are busy getting their children ready for school and so many of the editorials and news broadcasts keep telling us what an expensive winter we will be having. Here in Maine a lot of people are getting in wood for the winter. Another way is to fill cracks and insulate. When we moved into our house in West Paris, the neighbors told about how the previous owners had moved out because of the cold, and the owners before that had lived in two rooms winters. Frank put in a furnace, capped the attic, filled in cracks in the basement, and tightened the windows and doors. We had six rooms opened all the time and another whenever we wanted to use and were always warm enough.

Betty Blake and Alberta Angevine went to Dixfield, Saturday, to pick up their mother, Mrs. Rena Abbott, and all went out to lunch. Matthew Smith, son of Mr. and Mrs. Bruce Smith, South Paris, stayed Friday and Saturday nights with his grandparents, Mr. and Mrs. Homer Smith and Uncle Andy.

Andy Smith went to Oxford Plains Speedway with his sister, Christine Smith.

Mr. and Mrs. Bob Baudo took her parents, Mr. and Mrs. Ernest Angevine to Town and Country, Gorham, N. H., last week.

Betsy VanDeuren, Thelma Merrill, Gerry and Jody Shimamura took Jody to Portland, Monday, to catch a bus to East Hartford, Conn. There Jody will visit Kevin Hebert, son of Mr. and Mrs. Ken Hebert.

Mr. and Mrs. Joe Shimamura, Jody, and Thelma Merrill, had Sunday night supper with Mr. and Mrs. Frank Aylward.

Davis and Sharon Kimball, Anita and Chantel, had Sunday dinner with her parents, Mr. and Mrs. Frank Benson. Andy Benson was also a dinner guest.

Wednesday, Sylvia Benson went to Hebron to pick up her mother, Alice Foss and nephew, Timmy Small. They then went to Deer- ing's for dinner and shopped in the new mall in Auburn.

Mr. and Mrs. Stanley Brown had as guests Friday through Monday, Mr. and Mrs. Michael Tucker and

daughter, Violette, of Chatham, N. Y. Mary Belle Bennett of Portland was also a Sunday guest and Mr. and Mrs. John Laban and Amy came over and all enjoyed an outdoor cookout.

Thursday, Sylvia Benson went to Waterford to visit Sharon Kimball and girls.

Thursday night Mr. and Mrs. Jeff Hutchins and girls went to the supper at Hunt's Corner, Albany.

The Angevines had a family get-together at Avery Angevine's summer home in Upton with about 60 present. Attending from our road were Mr. and Mrs. Ernest Angevine, Mr. and Mrs. Bob Baudo and two children, Mr. and Mrs. Dick Angevine, Sheri and Timmy, Mr. and Mrs. Victor Coolidge and two children.

Mr. and Mrs. Ernest Angevine called on Mr. and Mrs. Alton White in Stoneham one evening last week.

Mr. and Mrs. Victor Coolidge and another couple went to Lewiston for supper Saturday.

Aug. 17, Mr. and Mrs. Tom Gibbs, Mr. and Mrs. Charles Mason, Mr. and Mrs. Scott Mason and Mr. and Mrs. Don Smith went to Town and Country for supper.

Mr. and Mrs. Guy Gibbs had supper with their son and family, Mr. and Mrs. Tom Gibbs.

Heidi Glines, who has spent the summer with her parents, Mr. and Mrs. Roland Glines, will be going back to her teaching position in Bristol Conn., this week.

Frank and I have had a busy week. Wednesday we went to folks, Mr. and Mrs. George Allen, Rangeley to visit his sister and husband, Mr. and Mrs. Edwin Pev- ear, and mother, Mrs. Thirza Gib- son. Wednesday about supertime we went out driving, to see if we could find a moose to watch. We found one eating cat-of-nine-tail leaves about 35 feet from the road. We sat and watched her feed- ing. The cars stopping had no effect on her; but a man got out of his truck with a camera and start- ed walking toward her. This made her go off into the woods.

The next morning we took a pic- nic and headed for Quebec, Can- ada. When we drove by the next morning, where the moose had

John and Marcia Smith, Dryden, and Lorraine Mills, Locke Mills, visited us on Sunday. John Mills was out Monday evening.

Woody, Cys and Jessica Clark of Litchfield, Conn., were guests of Marc and Leslie Moore last week. Russ and Judy Andrews, their three children and friends, Bev and Phil, came down from Shelburne on Sunday.

I have just about decided to call this place Woodchuck Corner. We are surrounded by them. Wouldn't mind having them around if they didn't dig holes in the fields or make a home under the barn.

Once again I'd like to invite all of you, especially the newcomers to the neighborhood, to contribute items for our column. Help us to get acquainted with you and be a part of the community.

One afternoon I went up the Bulldozer Road and on across the fields looking for a hornet's nest which Clyde had told me about.

The road had somewhat grown up with weeds, a few thistles, asters, tear-thumb, which will tear your thumb when you pull it, or scratch when you walk through it. Well up near the gate grew the wild morning glories or hedge bind weeds. The delicate pink bells suggest the morning glory. The twining stems fasten to anything near and beneath them. To walk through them I have found that I must step carefully or I'll find myself down looking up at them.

Coming to the fence I no longer have to climb over or through for there is a new gate.

Near the wall where the road once was and across the old pasture the goldenrod is taking over. It is turning into a tumbling sea of the richest yellow. It flows across the slopes and breaks against the walls and the woods. A host of insects live here. Some of the hornets, the nest for which I was searching, were there, I'm sure.

Coming to the upper wall I stopped to look to the hills before I searched for more. I wanted to see them while all was calm and no hornets about.

There were distant sounds—the remote bawling of a cow, the muffled bark of a dog, and the far off laboring of the engine of a truck.

The querulous cawing of a crow carried from the woods.

"A walk in any season's woods where gentle things survive can guide my inner paths of thought and sing my heart alive."

After a few minutes with the hills, I followed the wall but not too close to it. I looked carefully for the nest now. I found it. It was a beautiful structure of gray with waves like the lapping tide as it comes gently to shore. The hornets came and went and the sun would glint on the burnished black bodies marked with white. The air hummed, swept by the wings of the bees. I wanted to get close enough to take a picture but I respected them. I had no desire to disturb them although I am not afraid of them when they are peaceful. The nest was hanging on a branch and its point was no more than an inch from the ground. What is that saying? A bees' nest low very little snow. A bees' nest high lots more in the sky.

I took two pictures then set out for home. I turned aside to visit an apple tree. A knot hole stared out round eyed at me.

Leaving the ridge, I pushed myself through the gate, and wound my way on a meandering course down the road. I let my eyes wander through all the shades of greens; spread out before me until I reached home.

Did you ever go out in the evening as I did just to stand or sit and listen, ponder, and wonder if old land marks are still near? First you feel and sense the world around you. The moon of August hangs toward the west, North, as the evening progresses you see the pole star and near by the Big Dipper.

Then there come to you the night cries. August nights are really the noisiest nights of the year. There are so many fiddlers in full chorus nearly all night.

The crickets are wing-scratchers—the katydids, crickets, and certain grasshoppers. They "file" or "scratch" to vibrate their wings and make their night sounds. The shrill cicada's song soared above me among the tree tops to end in a descending buzz and a dying sizzle.

A breeze moved down the valley, the leaves whispered. These

Mr. and Mrs. Maxwell R. Meisner

MEISNER - FALKENHAM

The First Congregational Church in Andover was the scene of the Aug. 5 marriage of Glenda June Falkenham, daughter of Mr. and Mrs. Harold Falkenham of Upton Road, to Maxwell Robert Meisner, son of Mr. and Mrs. William Meisner of Bridgewater, N. S. The Rev. David Wuori officiated at the double ring ceremony in which the bride was given in marriage by her mother and father.

The bride wore a gown of chiffon knit, featuring a V neck jacket effect with silk sleeves and a circular skirt ending in a chapel train. The sleeves and bodice were trimmed with Venice lace appliques. Her fingertip veil of illusion caught to a head piece trimmed with Venice lace, completed the ensemble. She carried a bouquet of white carnations, stephanotis, sweetheart roses, blue baby's breath with a bow and long streamers. Miss Sue Warner, of Rumford, attended her friend as maid of honor, wearing an empire gown of bluish pink polyester which had spaghetti straps, a crystal pleated skirt and a capelet of sheer organza. Her bridesmaids, Miss Rhonda Palmer and Miss Ann Dolloff of Andover, wore blue empire gowns with spaghetti straps, circular skirts and short jackets with slim sleeves and hoods. The maid of honor carried white bunnies and pink carnations on a white woven background. The

FREE/REDUCED PRICE MEALS POLICY ANNOUNCED FOR M. S. A. D. #44

M. S. A. D. #44 has announced its policy for free and reduced meals, free milk for children unable to pay the full price of meals, and milk served under the National School Lunch, School Breakfast, and Milk Only Programs.

Local school officials have adopted the following family size income criteria for determining eligibility:

Family Size (Including Adults)	Free Meals—Free Milk Total Family Income
1	\$0 to \$4,590
2	0 to 6,040
3	0 to 7,490
4	0 to 8,940
5	0 to 10,390
6	0 to 11,840
7	0 to 13,290
8	0 to 14,740

For each additional family member add \$1,450

Family Size (Including Adults)	Reduced Price Meals Total Family Income
1	\$4,591 to \$7,160
2	6,041 to 8,610
3	7,491 to 10,060
4	8,941 to 11,430
5	10,391 to 12,800
6	11,841 to 14,170
7	13,291 to 15,540
8	14,741 to 16,910

For each additional family member add \$2,260

Children from families whose income is at or below the levels shown are eligible for free or reduced price meals or free milk. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses, shelter costs in excess of 30% of income, special education expenses due to the mental or physical condition of a child, and disaster or casualty losses are urged to apply.

In certain cases, foster children are also eligible for these benefits. If a family has foster children living with them and wishes to apply for such meals for them, they should contact the school.

Application forms are being sent to all homes in a letter to parents. Additional copies are available at the principal's office in each school. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

A simple statement of income and family size is required plus signed certification by the parent or guardian, that the information provided is correct.

Under the provisions of the policy the Hot Lunch Supervisor will review applications and determine eligibility. If disapproval with the ruling of the official, a parent may wish to discuss the decision with the determining official on an informal basis. If a formal appeal is desired, the parent may make a request either orally or in writing to Kenneth Smith, Superintendent, at 824-2185, for a hearing to appeal the decision. The policy contains an outline of the hearing procedure.

If a family member becomes unemployed or if family size changes, the family should contact the school to file a new application. Such changes may make the children eligible for reduced price meals, or for additional benefits such as free meals and milk if the family income falls at or below the levels shown above.

In the operation of child feeding programs, no child will be discriminated against because of race, sex, color, religion, physical and/or mental handicap or national origin.

OLYMPIA SNOW FROM CONGRESS

Energy-related problems and inflation clearly emerged as the top concerns of the 6,500 people who responded to my 1979 questionnaire on issues under consideration by the 96th Congress. When asked in last spring's constituent survey to identify what they perceived to be the most serious problem facing the country today, 39.5% of the respondents cited energy while 37% cited inflation.

The other concerns noted by respondents, many of whom cited more than one problem, were government spending (19.0%) and government regulations (10.1%).

When asked specifically which policies they believed would be effective in controlling inflation, over half (56.7%) cited a balanced federal budget while 31.1% noted mandatory wage and price controls. It was said by 12.2% that voluntary wage and price controls could be effective.

On the detailed energy questions contained in the questionnaire, the results were indeed interesting even though there emerged no clear consensus on several of the energy-related issues. The responses to these questions are summarized below:

—Gas rationing drew a split response with 48% in support and 52% opposed.

—Encouraging conservation through increased oil prices was opposed by nearly a three to one margin.

—While decontrol of domestic oil prices won narrow support (51% to 49%), it won overwhelming support if coupled with a "windfall profits" tax by a 75% to 25% margin.

—Tax incentives for the installation of alternate energy equipment were supported by an 86% to 14% margin.

—No consensus emerged on nuclear power as 49% said we should build more nuclear power plants while 51% opposed further construction. On the question of establishing a moratorium on nuclear power plant construction, 52% favored a moratorium while 48% opposed it.

—By an 84% to 16% margin, respondents said that government must take the lead in alternate energy development.

—By a nearly three to one margin, stricter enforcement of the 55 mph speed limit was favored.

—Respondents opposed (76% to 24%) the Sunday closing of gas stations.

—And, finally, respondents disagreed with the statement that "while we have an energy problem, it isn't as serious as we've been led to believe" by a 54% to 46% margin.

International/Defense Issues

On the question of defense spending, 29.4% said we spend too much; 33.3% said we spend too little; and 37.2% said the defense budget was about right. Respondents tended to favor the SALT II accord by a narrow 52.4% to 47.6% margin. The question in regard to the "volunteer army" drew a mixed response with 22.8% in favor of the draft; 19.4% in favor of registration only; 37.7% in favor of one year of service for all youth either in the military or in some alternate service; and 20.1% in favor of leaving the system as it is. Finally, respondents overwhelmingly opposed appropriating funds to implement the Panama Canal Treaties.

Other Issues

In response to other questions, public financing of congressional campaigns was opposed (69.5% to 30.4%); a constitutional amendment to provide for election of House members every four years was favored (59.2% to 40.8%); and a limitation of 12 years of consecutive service for any individual in the U. S. House and U. S. Senate was favored (65.5% to 34.5%).

Respondents were split on the question of national health insurance: 28.8% favored a comprehensive plan; 25.5% favored only a plan for catastrophic illness; 20.1% favored the concept but felt it was too costly at this time;

WALKING WITH JESUS CHRIST

Opposition—and competition—its everywhere—Arab against Jew—who's right? Up and down, left and right, you and me, male and female—day and night; yes or no! Ever consider God versus Satan? Well, really—there's no opposite to God—because God created Satan as an angel—who because of his beauty wanted to be higher than God—Isaiah 14: 12-14; Ezek 28: 11-18. While God is Truth, Love—Mercy—Justice, etc.—Satan, who God threw out of heaven is named—the Devil, the Dragon, Evil one, Prince of Bottomless Pit and the God of this World; that last one is strange to some, however the Bible says that our fore-parents, Adam and Eve turned from God to Satan who now is in charge of this World. (However, God is in control of it.) We are actually children of wrath, Eph. 2:13—until we reject Satan and acknowledge God as Lord. It's no wonder this World is a troublesome place and getting worse!

We can identify with "Teenagers and Adults Complain"—Thanks to the writer and the Bethel Citizen for the article. It's young people that are outspoken while the mature are "comfortable." The young people are at a cross road—on a fence, trying to make a decision—wanting to be heard—they're looking and asking: "Where are we?" "What are we doing?"

The God of the World, Satan responds loud and clear—come and I'll give you fun, even peace (tho for a moment). The Devil has all the answers but one, and that's—permanent joy and peace—for he is known as the "Angel of Light" 2 Cor 11:14—"The Liar and the father of it" John 8:44.

Young people need fun—things to do, action—body and mind exercise—supervision and responsibility—however; how can they relate to the deceptive and malicious advertising and actions of adults who are supposed to be examples? Alcohol, for example: so shamelessly advertised by "beautiful" people—why it is the nation's biggest family breaker, auto death and illness result!

Young people are rebelling against our society's way of Drink, Drugs and Damnation. They should demand truth—even truth in our Churches—all over the nation; that the Bible be preached with clarity and force, not cleverness and farce!

"And we will know that we are of God, and the World lieth in wickedness" 1 John 5:19.

and 25.4% said they were opposed to the idea.

By a 69.4% to 30.6% margin, respondents favored a five per cent across-the-board cut in federal spending. People favored a national "bottle bill" by a three to one margin. By a 70% to 30% margin, they favored trucking deregulation.

And, on the Indian Land Claims question, respondents favored (67.6% to 32.4%) a negotiated settlement if the federal government would bear the burden of settlement.

I would like to thank all of those who took the time to respond to my 1979 questionnaire. I certainly found the responses informative and shall give them my most serious consideration when those issues come before the House,

Part III—The Holy Spirit Conveys the World of Judgment, from the July 29 sermon by Bert Grefeth, West Bethel Union Church, and based on the scripture: "Nevertheless I tell you the truth; if you go not away, the Comforter will not come unto you; but if I depart, I will send him unto you. And when he comes, he will reprove the world of sin, and of righteousness, and of judgment: Of sin because they believe not me; Of righteousness, because I go to my Father, and ye see me no more; Of judgment, because the prince of this world is judged." (John 16:7-11)

The Holy Spirit convicts the soul that it will be judged. When the soul comes to that well-grounded, settled place which is the soul forms of itself, when it is able to lay hold of Christ's righteousness (which it always does), then it is convinced that Christ was absolutely perfect, that he was the Son of the Eternal God. "In the beginning was the Word, and the Word was with God, and the Word was God." (John 1:1)

When we come to Christ, we look at ourselves and we know we are not worthy of his righteousness. We come to Christ by faith. Based on the Word, based on what God said, and based on the convicting work of the Holy Spirit within you, the soul knows its sins are forgiven. This is the significance of the conviction of that justified by faith and it has peace with you. That Old Man, that the world is now cast out, and you have the victory. The old nature is made to submit to the new by the Holy Spirit of God.

Is there anything now that I should fear? Absolutely nothing. Who shall convict me? In Romans 8, Verse 35 begins, "Who shall

separate us from the love of Christ? Shall tribulation, or distress, or persecution, or famine, or nakedness, or peril, or sword? . . . For I am persuaded, that neither death, nor life, nor angels, nor principalities, nor powers, nor things present, nor things to come, nor height, nor depth, nor any other creature, shall be able to separate us from the love of God, which is in Christ Jesus, our Lord."

We are saved. We are in the hands of God. We belong to Him. Share these truths with others. We are called as a nation of ordained gospel preachers—ordained God—to go into all the world with the same message. Walk as it becomes true in your life so that the Christless world will be convicted of sin, righteousness, and judgment.

NOTES FROM THE

CHAMBER OF COMMERCE

Local Bus Service:

The meeting scheduled for Sept. 10 (see article in this issue of the Citizen) will be an excellent opportunity for businessmen in the community who have expressed a strong need for bus service from Portland to Bethel to confirm this need with Isaac Russell of Norway who has serious plans to initiate such a service in Oxford County. Requests of the Maine Legislature to Support Tourism:

The Maine Governor's Advisory Council on Tourism met Wednesday in Augusta to formulate a request for state funding of various aspects of the overall Maine tourist promotion program. Council recommendations are routinely forwarded to the Governor before being released. However, this chamber urged continuation of the State Department Office/Maine Publicity Bureau sponsored program for matching funds to finance regional promotion equal to the \$5,000 available this year. The other recommendation submitted to the Council from Bethel was that Maine establish a permanent information booth on U. S. R. 2 in the Gilead-West Bethel area.

The utilization of the temporary information booth run by the Maine Publicity Bureau in West Bethel this summer has demonstrated the need for this type of facility on a continuing basis.
